

Narrative TOKEN_P75_DOC

1. First point about methodology TOKEN_P75_A with long explanation text here.
2. Second point continues the discussion TOKEN_P75_B without forming a table.
3. Third point remains prose TOKEN_P75_C and should not be extracted as stream.
4. Fourth paragraph elaborates further on sampling and error bounds.
5. Fifth item wraps up the list without multi-column alignment intent.
6. Sixth closing remark TOKEN_P75_END for the section.
